Verification pilot 1

Dienst Uitvoering Onderwijs
Ministerie van Onderwijs, Cultuur en
Wetenschap

Expanding current process to verify not only enrolment but also diploma data and 'double dipping'.

Researching if enrolment verification of Belgian students studying in the Netherlands is possible.

New approval for expansion of dataset currently pending.

Verification pilot 2

Dienst Uitvoering Onderwijs
Ministerie van Onderwijs, Cultuur en
Wetenschap

Dutch students studying in the UK.

First pilot with five universities.

Difficulty obtaining student consent for digital verification.

First results are encouraging, looking at quality and usability of enrolment data.

How to engage students more?

Verification pilot 3

Dienst Uitvoering Onderwijs
Ministerie van Onderwijs, Cultuur en
Wetenschap

Dutch students studying in the US.

First test of online verification just underway.

No concrete results yet, too early.

Collaboration with Duke University to investigate digital diploma format.

Plans for 2018-2019

- Looking at new technological solutions.
- Pilot with Scandinavia using EMREX?
- Expand pilots in UK and US.
